Celebrating 15 Years

All of us at Admor HVAC would like to sincerely thank our loyal customers and vendors for 15 years of guidance and support. We are grateful for your business and the many friendships we have made during this time. While this year was extremely difficult due to the passing of our founder Leonard Ciufu, we are prepared to move forward with the same values, integrity and determination that ignited this company in 1993. Our vision is clear and grounded in the belief that it is the customer who makes us successful. If our customers succeed, we will follow. While our customers drive the business, it is our employees who provide the fuel. I am grateful for all of our employees who work diligently each day to serve our customers. Without them there would be no Admor HVAC and certainly no 15 year Anniversary. My sincere thanks and gratitude to all of our employees and their families.

May God Bless all of us and guide us now and in the years to come.

**Merry Christmas
&
Happy New Year**
