COOL NEWS

December 2010

## MAHALO FROM YOUR FRIENDS

All of us at Admor HVAC want to Thank our customers for all your friendship, business and support in 2010. While this was a difficult year for many, it proved to be one of the most rewarding for our company. In the midst of the largest recession in my memory, we set forth to diversify our business, maintain sales and re-invest in our business, our employees and most importantly—our customers. We rebranded Admor HVAC with a new logo and uniforms to set a new standard of professionalism for our employees, we reorganized our warehouse and implemented policies and procedures that reduce loss and damage while increasing productivity and improving customer service. We re-dedicated ourselves to providing the absolute best customer service in the industry and increased our communication with customers through electronic media. We invested in our customers by providing training classes almost every month of the year. In 2010, Admor HVAC again provided more contractor training than all of our competitors combined!

Admor HVAC has added new employees to improve our technical expertise, estimating capabilities and sales support. I truly believe that our staff today is the best we have had in the history of the company. Merry Christmas and Happy New Year from Your Friends at Admor HVAC Products.

## Merry Christmas and Happy New Year!

*We give Thanks for our blessings. Our Thoughts and Prayers are with all of our Friends, Customers and Families during this Holiday Season. May God Bless and guide us through the New Year. We pray for good health, happiness and a successful year for all.*

## SCRATCH N' DENT SALE

Visit our showroom to find bargains on all types of air conditioners. We have window units starting at \$50. Every Rheem condensing unit on our damage rack is \$100 per ton. This means you can pick up a 3 ton unit for \$300 and a five ton unit for \$500. No Phone calls please.

### TRAINING CLASSES JAN 19 & 20
