KNAUF INSULATION

HEADQUARTERS

Admor HVAC is stocking up on duct board, wrap, liner and Knauf's new Redi-Klad Pipe Insulation. Couple this with adhesives, tapes, stick-pins and rubber insulation and you have one of the largest Insulation Supply Houses in the Pacific all at Admor HVAC.

STOCKING THE SIZES YOU NEED

We have increased our Duct Wrap offering to include the standard .75# and 1.0# and 1.5# density. Duct Liner is available in 1.5# x 1" or 1 1/2".

NEW REDI-KLAD PIPE INSULATION

Knauf Insulation has introduced a new Redi-Klad 1000° Pipe Insulation. This Innovative solution for insulating piping in outdoor commercial or industrial mechanical systems. Redi-Klad is a weather resistant pre-jacketed fiber glass pipe insulation that can be used in applications that have traditionally required metal jacketing. Redi-Klad combines superior base fiber glass pipe insulation with a factory-applied 5-ply zero perm jacket for a weather and abuse resistant system that has a finished appearance comparable to embossed aluminum. The durable jacket has a self-sealing lap for superior system integrity and speed of insulation. It also eliminates the sharp edges associated with traditional metal jackets.

Knauf's new Red-Klad Pipe Insulation is a weather resistant pre-jacketed fiber glass pipe insulation that eliminates the need for field applied metal jacketing.

WHISPER GREEN MAKES LOUD ENTRANCE IN HAWAII

Panasonic's new Whisper Green Exhaust Fan has now been specified and/or installed in over 3000 hotel and condominium units in Hawaii. Recent installations include: Moana Pacific (500), Moana Vista (500), Honua Kai (600), Grand Waikikian (450), Kalanipuu (580), Allure Waikiki (600). Plus hundreds more in Gentry Homes. Why Whisper Green? Because it is Ultra Quiet (less than 1 sone) and uses an Energy Star DC Motor fan that feature an internally mounted variable speed control and continuous fan option for whole house ventilation. They are capable of maintaining the design and set point CFM's regardless of fluctuations in external static pressure up to .25"

Our sincere thanks to the engineers, developers and contractors who install Panasonic Exhaust Fans with confidence.
