The Unico System®

Small-Duct Central Heating & Air Conditioning

The high performance, flexible mini-ducts of the Unico System fit easily behind walls and ceilings, allowing you to maintain the architectural integrity of your home or business. Crafted to weave around and through existing construction, the mini-ducts eliminate the need for unsightly and cumbersome metal ducts. The compact air handler can be installed in the attic or even a closet and can be matched to a Rheem or other brand condensing unit.

All across the country, homeowners, business owners and commercial operations are enjoying the performance and comfort of the Unico System. No matter when a home or building was built, or what their physical configurations are, installing the Unico System is always a possibility.

UNICO CHILLER COOLS & HEATS

The revolutionary UniChiller RC outdoor cooling and heating unit represents the latest innovation in home comfort from Unico. These compact 3 and 5 ton Chillers are perfect for residential and light commercial applications. The UniChiller features quiet operation and allows for multiple air handlers for an energy efficient

"zoned" system. The factory charged system can be located remote distances from the air handlers and take up minimal outdoor space.

NORITZ®

TANKLESS WATER HEATER

Get the Tankless Advantage with Noritz. With a properly sized Noritz, you won't worry about running out of hot water. You will be heating water

Efficiently, saving energy and money.

ENDLESS HOT WATER

Noritz heats water on demand. Incoming water is heated as it passes through the heat exchanger, which delivers endless hot water.

SAFETY

Noritz units are equipped with safety features to prevent scalding.

HIGHER VOLUME

Up to 24 units can be linked together to double the output for even higher demands.

CLEAN WATER

Noritz heated water does not sit in a tank that can accumulate scale and rust over time.

ENERGY STAR QUALIFIED

Noritz residential models meet or exceed the criteria set forth for Energy Star Certification.
